8. Items for Consideration and Decision

8.1 Training for Councillors: De-escalating Conflict

Report to:	Mayor, Councillors and Chief Executive Officer
Subject:	De-escalating conflict Training
Reporting Officer:	Chief Executive Officer
Status:	Decision

Council has arranged training for all operational Executive and public facing staff to attend a half-day De-escalating Conflict training workshop in Cooktown on Wednesday 19 June 2024.

This will be an opportunity to dive into real life examples of the main causes of conflict in rural places.

Workshop participants are given tools and strategies to de-escalate the conflict.

- The psychology of anger in rural communities
- Soft targets and opportunities
- Facing an angry outburst
- Random aggression

Council sees value in our Elected Members also attending this training for professional development to fulfil their elected Councillor roles as the voice and communication to the community.

Resolution: De-escalating Conflict workshop.

Resolution:	That Council approves the full attendance of all Councillors at the De-escalating Conflict Workshop set for Wednesday 19 June 2024.	
Moved:		Lost/Carried
Seconded:		
Resolution No		

8.2 Removal of trees at the Wujal Wujal Cemetery

Report to:	Mayor, Councillors and Chief Executive Officer
Subject:	Removal of trees at the Wujal Wujal Cemetery
Reporting Officer:	Chief Executive Officer
Status:	Decision

Council has received funding for a concrete road and car parking area at the front of the Wujal Wujal cemetery to enable easier access for community for funerals and when visiting their departed loved ones and to reduce sediment run off into the Bloomfield River and out to the reef.

These works will complement the upcoming community project to extend the cemetery boundaries and install new fencing, seating and shelters at the cemetery area.

Community consultation will form part of the extension of the cemetery itself, and this will be undertaken in conjunction with the DSDSATSIPCA Remote Indigenous Land Infrastructure Program Office (RILIPO).

The construction of the new car parking area itself will require the removal of the trees at the front of the cemetery.

Resolution: Tree removal at cemetery.

Resolution:	That Council approve the removal of selected trees at the Wujal Wujal Cemetery to enable to construction of a car park at the cemetery.	
Moved:		Lost/Carried
Seconded:		
Resolution No		

8.3 Proposal to Relocate the Bus Stop from the Town Centre to a safer location at the front of the Community Hall

Report to:	Mayor, Councillors and Chief Executive Officer
Subject:	Proposal to Relocate the Bus Stop in Wujal Wujal Town Centre to a safer location at the front of the Community Hall
Reporting Officer:	Chief Executive Officer
Status:	Decision

The current bus stop in the centre of Wujal Wujal does not meet the required safety standards for use by the community's school children and passengers catching public transport.

There have been near misses with community members in the area, due to the congested parking, including at the front of the Rural Transaction Centre (RTC) building and around the shop and roundabout. There is a real risk of a child, Elder or pedestrian being struck by a vehicle due to the congested traffic in the area. Recently there was an accident with a vehicle hit by a truck in the area, which could have easily been a pedestrian.

The area is not considered a safe location for a bus stop and Council proposes to seek funding to relocate the bus stop to a safer location, in a pull-in area at the front of the Community Hall. This will allow children to disembark the bus in the afternoon and go straight into the community hall for sport and recreation activities.

The funding would also allow the following:

- Shelter
- Benches
- Lighting
- Signage
- Landscaping.

While many of these improvements are optional, rather than regulatory they will increase the visibility, comfort, convenience, safety, and attractiveness of a bus stop.

Council seeks the approval to relocate the existing bus stop as specified above.

Resolution: Relocate the community bus stop

Resolution:	That Council approve the proposed relocation of the existing bus stop to a designated and safer pull-in area in front of the Wujal Wujal Community Hall.	
Moved:		Lost/Carried
Seconded:		
Resolution No		

8.3 Policy: Councillors as Portfolio Spokespersons

Report to:	Mayor and Councillors
Subject:	Policy Review: Councillors as Portfolio Spokespersons
Reporting Officer:	Chief Executive Officer
Status:	Decision

The Policy “Councillors as Portfolio Spokespersons” is due for review and adoption and is included here for your consideration. Refer to **Appendix 4. Policy: Councillors as Portfolio Spokespersons**

Objectives of the Policy:

Assigning Councillors as Portfolio Spokespersons ensures:

- The workload associated with being an elected member is shared across all Councillors.
- The Councillor's individual skill, knowledge and background is utilised by linking them to an area of interest.
- Community members can identify which Councillor to approach according to the strategic issue at hand.
- Informed discussion is generated by the whole of Council.
- Councillors act as sounding boards for strategic issues and suggestions from senior officers, members of the public, and other Councillors relating to their portfolio.
- Councillors are seen to be reporting back to the community.
- Councillors can better fulfil their elected roles as the voice and communications to the community
- Councillors are seen to be reporting back to Council on progress against their portfolio areas.

Please refer to the **full policy document** in **Appendix 4** for more information.

Resolution: Councillors as Portfolio Spokespersons

Resolution:	That Council adopt the Councillors as Portfolio Spokespersons Policy as presented.	
Moved:		Lost/Carried
Seconded:		
Resolution No		

8.4 Community Engagement Policy

Report to:	Mayor and Councillors
Subject:	Policy Review: Community Engagement Policy
Reporting Officer:	Chief Executive Officer
Status:	Decision

The Policy “Community Engagement Policy” is due for review and adoption and is included here for your consideration. **Refer to Appendix 5: Community Engagement Policy**

Background:

Genuine and effective community engagement has benefits for Council and Community. Engagement allows Council to access wider sources of information, perspectives and potential solutions. This results in better decision-making and consequently better outcomes for the Community.

Community engagement does not replace the decision-making functions of Council. Rather these processes are designed to ensure that Council has access to a broad range of information about community needs, opinions and options prior to decisions being made. It also increases the likelihood that Council decisions are understood and supported by the community.

The Wujal Wujal Aboriginal Shire Council understands community engagement to contain the following basic elements:

Information: To provide key stakeholders and members of the community with objective and balanced information on policies, plans and strategies.

Consultation: To obtain feedback from the community and key stakeholders to enable a broader understanding by Councillors and Council staff of local needs concerns and priorities prior to decision-making.

Participation: To enhance community ownership of decisions and resultant outcomes and commitment to the decisions made, through involvement in discussions of issues and options.

Please refer to the **full policy document** in **Appendix 5** for more information.

Resolution: Community Engagement Policy

Resolution:	That Council adopt the Community Engagement Policy as presented.	
Moved:		Lost/Carried

Presentation to:	Mayor, Councillors and Chief Executive Officer
Subject:	Community Wi-Fi and Telephone
Presenter:	Australian Private Networks: Business Services Manager: Scott Cogley and CEO Martin Camilleri
Status:	Discussion
Time on agenda:	12.00pm-12.30pm

In summary the presenters will be providing insight into the Project which covers:

- Remote Connectivity Program (Funding) overview
- Solution overview
- Their delivery approach, which includes an engagement model that treats the approval process separate, thus the session is to really highlight what they do. During the engagement they will seek the appropriate building approvals and consent.

Resolution: Council notes the presentation on Community Wi-Fi and Telephone and Standalone Project

Resolution:	That Council note the presentation by Australian Private Networks: Business Services Manager Scott Cogley on the Community Wi-Fi and Telephone and Standalone Project.

- Council needs the return of its Water Operators to Community in order to be able to return to operating the plant itself. Water Operators returning.

10.2.5 Sewerage Supply Status

- Some households have experienced blockages as they begin to use the system that has remained dormant since the evacuation. Council plumbing contractors supporting community with flush throughs to fix these issues.

10.2.6 Waste Management Services

- Flood debris currently laid down at the China Camp site is beginning to be relocated to the temporary site in Ayton where it will then be moved out to its final destination at Springmount.

10.2.7 Service Station

- Council discussed the future of the Fuel Station in its Special Budget meeting held 16 May 2024.
- New fuel bowsers, fuel pumps, electricals and internal and external points of sale and till have been ordered, however there is a four month wait on these (two months left until these are due).

10.2.8 Shop

- The shop was officially opened in late April 2024
- The shop is proving very popular with locals as they enjoy the improved range of food provided by the operators CEQ and the clean presentation of goods.

10.2.9 Queensland Police Service (QPS)

- Recruitment continues for a Second in Charge Senior Constable Officer for Wujal Wujal.
- The station is open and operating to support the Community.
- Council wishes to note its gratitude once again to QPS for the invaluable role they played in protecting the homes of residents during the period they were displaced from their homes following the evacuation in December 2023.

10.2.10 Communications to residents

- A full report on the activity Council undertook before, during and after the Cyclone is noted further in this agenda at item 10.5.

10.2.11 China Camp Road

- The unauthorised clearing of vegetation and significant earthworks were carried out in Wujal Wujal Aboriginal Shire Council's road reserve without notification to, the knowledge of, or approval of Wujal Wujal Aboriginal Shire Council.

- This clearing was authorised by Douglas Shire Council without the knowledge of Wujal Wujal Aboriginal Shire Council.
- The unauthorised clearing has caused significant concerns for Council regarding the impact this may have had on the safety and stability of the China Camp Road.
- Council is currently seeking legal advice on the issue.

10.2.12 Follow Ups

- Continuing to follow up regularly with Cook Shire on pothole repairs to the Cook Shire Road between Ayton and Wujal Wujal. Promised repairs to Platypus Creek near Mount Louis Station are progressing to improve this area.
- Requested a contact for a reputable supplier for rubber speed humps for community roads – awaiting response.
- Councillor formal shirts for business meetings ordered and received. Councillor uniform shirts ordered, not yet received.
- Requested advice from QRA on the eligibility of clearing the landslips from the fire breaks that have been affected by landslips. Gavin Williams from QRA will get seek advice and get back to me.
- Emailed Rural Fire and Jabalbina to have initial meeting for Cool Cultural Burns. Also discussed carbon credits from Cool Burns at TWG Meeting. One Council has already implemented this. Would mostly benefit the larger areas controlled by Jabalbina.
- Seeking funding for CCTV installations in community around community centre and Council facilities.
- Identified policies to cover Councillors speaking on their portfolios at Community meetings (tabled in this Ordinary Council Meeting).

Special Holiday Dates 2025

Council is required to set the dates for 2025 that will be considered as Special Holidays.

As council is aware there is a difference between a Show' holiday and a 'Bank' holiday. The following screenshot highlights the key differences.

A local council requested special holiday is a public holiday only if it is in respect of an agricultural, horticultural or industrial show. Under federal industrial relations legislation, on a public holiday employees are, without loss of ordinary pay, entitled to be absent from work or refuse to work in reasonable circumstances. Employees who work on a public holiday are entitled to penalty rates in accordance with their award or agreement.

A special holiday for any other reason is not a public holiday but is a bank holiday only and under the *Trading (Allowable Hours) Act 1990*, is only a holiday for banks and insurance offices and under a directive of the *Public Service Act 2008*, a holiday for public service employees unless otherwise determined by a chief executive.

Upon receiving Ministerial approval, the holidays will be published in the Queensland Government Gazette. Confirmation of the approved special holidays together with a link to the Queensland Government Gazette will be emailed to your office.

In summary a 'show' holiday applies to an agricultural or industrial show only.

A special holiday for any other reason is not a public holiday, but rather a 'bank' holiday and applies only to those employed under the Public Service Act.

For the calendar year 2025, council is proposing the following dates be recognised, these dates are here for your consideration and decision.

Holiday requests			
Date	District the holiday is to apply to	Reason / Name of holiday	Show / Bank
24/10/2025	Wujal Wujal Aboriginal Shire	Wujal Wujal Foundation Day	Bank

10.3 Finance Report

Report to:	Mayor, Councillors and Chief Executive Officer
Subject:	Monthly Finance Report
Reporting Officer:	Financial Accountant Khushwant Kumar and Manager Corporate and Commercial Micah Nkiwane
Status:	Noting

The key revenue drivers and net result have been impacted by the flood as Council focuses on disaster recovery activities.

Capital revenue has not been received, as Council did not carry out the capital works.

The lack of capital revenue and capital project work means expenses are below budget.

The Operating Cash Flow Ratio, a liquidity ratio, is a measure of how well a company can pay off its current liabilities with the cash flow generated from its core business operations.

This financial metric shows how much a company earns from its operating activities, per dollar of current liabilities.

It is measured by dividing cash flow generated from operations by the quantum of current liabilities.

It is the ability of council to pay its current liabilities from cash generated from its operations.

Our year-to-date OCR is 7.69% compared to a budget of 5.73%.

A higher ratio indicates that the council generates sufficient cash from its operations to cover its current liabilities, which is a positive sign of liquidity and financial health of the council.

This means Council has enough cash to pay its bills when they are due.

The restricted cash flow forecast assumes normal Council operations. With the impact of the flooding disaster there is uncertainty in key revenue and cost drivers from February 2024 to June 2024. We will continue to review the forecast as we move through the financial year and the disaster recovery.

The period July 2023 to April 2024 reflects actuals, while May and June 2024 is uncertain because of the impact of the disaster. The net cash movement to June 2024 is positive but this position may quickly change as the full impact of the flooding disaster becomes known.

Cash Balance Forecast

Refer to comments on monthly cash flow.

Unrestricted cash flow assumes normal cash flow from ordinary Council operations, while restricted cash flow is for cash flows with performance obligations, for example grants where Council must provide goods, services or capital works to release and use the funds.

The flooding disaster has had a real impact on revenues.

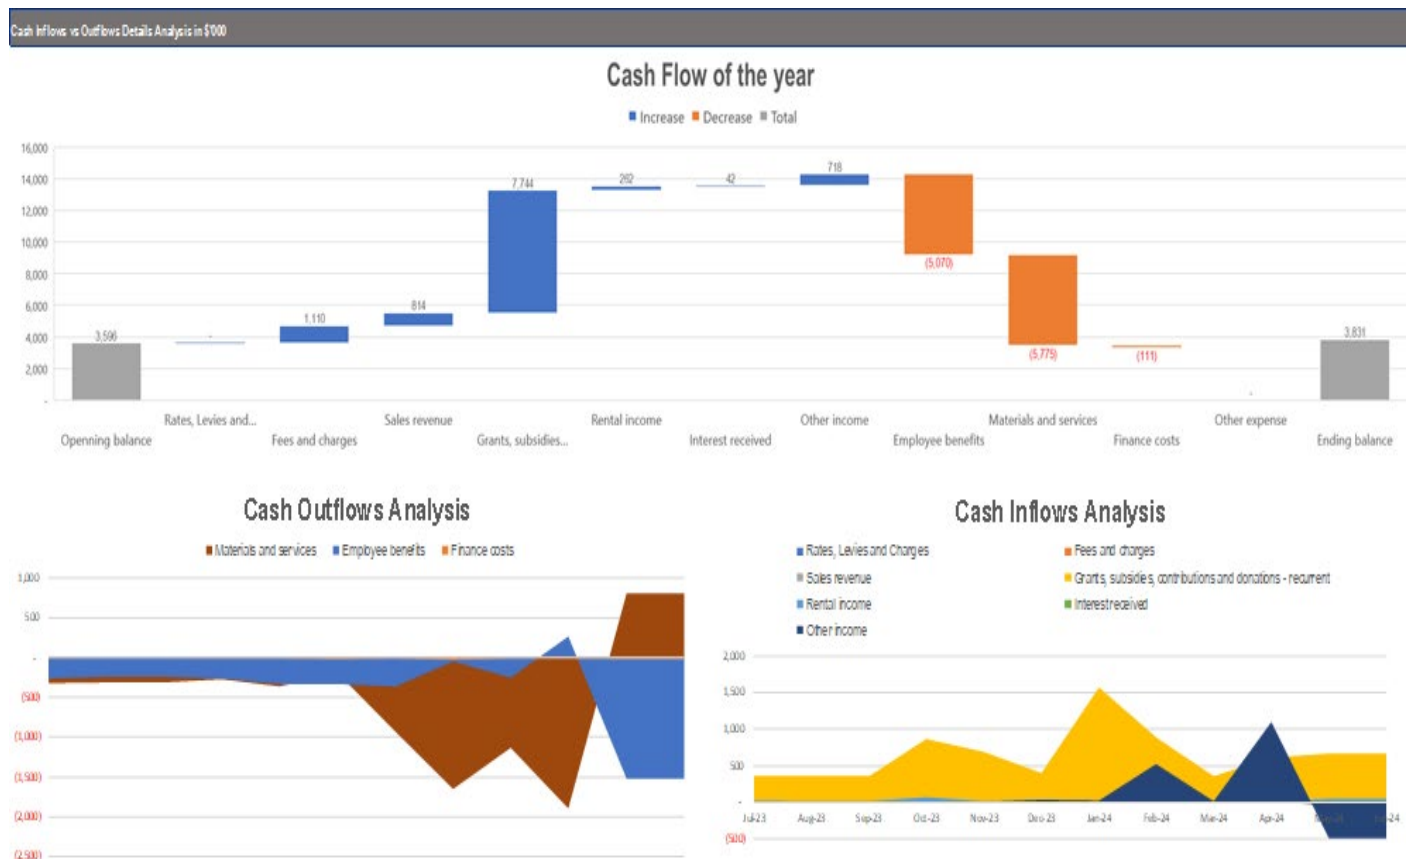

The cash flow assumes no further Capital revenue this financial year.

Cash inflows versus outflows: details analysis

This highlights the nature and direction of cash inflows and outflows.

February to June 2024 has a lot of uncertainty and we urge caution in the analysis of cashflows going forward because of the impacts of the disaster and flooding event.

Total Debtors Invoices Raied \$61,977.

The comparison of debtors shows a neutral position in Debtors in the Current period.

There is decrease in 0-30 day period as compared to previous month.

There is increase in the 31–60 day and 61-90 day period.

That means current debts are being paid, whilst some debts are taking longer to pay. This could be for a variety of reasons.
