EDUCATION EMPOWERS COMMUNITY

Wujal Wujal Justice Group

Recently staff from WWJG attended an Aboriginal and Torres Strait Islander Mental health first Aid (MHFA) training course with instructor educator Peta Readeaux of Apunipima.

Everyone involved enjoyed the sessions, coming away with a better understanding of ways to help people.

After the face to face training they then completed the online assessment to receive either their eCertificate of Accreditation or eCertificate of Completion.

Comments from some of the Attendees

Rachel

"I encourage community members to do this course"

Abdul

"the course gave me excellent skills to handle mental health situations"

Doreen

"more young people should do this course"

PROPOSED UPGRADE OF THE WUJAL WUJAL HELIPAD

The Torres and Cape Hospital and Health Service (TCHHS) will soon upgrade the Wujal Wujal Primary Health Care Centre's helicopter landing site (HLS). The new HLS will be constructed to meet current Australian Standards, allowing improved access for the retrieval of critically ill patients and improved health care services to the community.

The project requires the existing helipad to be demolished, followed by civil earth works to build a larger platform for construction of a new concrete helipad and boundary fence. Alternate helicopter landing sites have been identified while construction takes place.

Construction works are expected to commence from late April 2021 for 8 weeks. These works will be delivered in accordance with an existing Cultural Heritage Agreement.

WHEN DISASTER STRIKES

Photography exhibition to share stories of *When Disaster Strikes*

Community members from Cook Shire and Wujal Wujal Shire are being invited to share their stories of disaster by submitting photographs that capture their personal experiences of what has happened when disaster has struck.

The photos will then be featured at an exhibition called *When Disaster Strikes* that will tour through Cook shire and Wujal Wujal during May and June and create an opportunity for residents to discuss their disaster experiences, share their stories and connect with others who've had similar experiences.

This exhibition will be about sharing personal photos that tell a story. It could be one of devastation or disbelief, heartbreak or humanity. "There's also often moments of beauty amidst the chaos. We want to see and share them all", said Community Development Office, Kathrina Southwell who is jointly employed by Cook Shire Council, Wujal Wujal Aboriginal Shire Council and Douglas Shire Council to work with communities effected by disaster

For more information check out the website
